

Best Practice 2019-20

1. Scholarship to Economically weak students in open category:

The college is situated in the heart of city and hence is easily accessible to students coming from remote villages which are approximately 20 to 80 kilometres away from Surat. The students coming from these remote rural areas, hail from very mediocre families. It should be noted that the government grant covers only SC, ST and OBC category and hence students in open category do not get any financial aid. Government has started reservation for EWS students recently without financial aid.

The college is following this noble practice of giving scholarship to economically weak students in open category since forty years.

Objective:

- To provide an equal opportunity to financially weaker section students from open category.
- To help them to survive with respect and dignity which enhance their employability for life time.

The context

The college has identified need to provide scholarship to students who are from open category coming from economically weaker section. Since there is no provision of any scholarship to open category students and remain neglected part for years together so we establish a healthy tradition to provide scholarship to needy and desirous to get education. Out of the total strength of students, numerous students require financial aid in the open category. The college has Student Teacher Welfare Fund. Hence the institution has formed a transparent system to allocate funds from Student Teachers welfare fund. The uniform policy is followed where each applicant has to fill the form and has to attach proof of income below Rs.1, 50,000/- p.a.

The Practice

- The uniqueness of the practice is that the institution reimburses a pro rata amount to each student falling under this category.
- The student Teachers welfare Aid committee scrutinizes all applications and thereafter decides the amount to be reimbursed their fees from the fund to each student whose family income is below Rs.1,50,000/-p.a.
- This healthy practice ensures that a student completes graduation and seeks employability and earnings for the future.

Evidence of success

Imbibing the philosophy of "Sarva Siksha Abhiyan", this year the college aided 366 students in the open category of which 187 were girl students, 179 male students. In totality, the amount reimbursed was Rs.4,02,000/- which is a significant move towards aiding economically weaker students in the open category.
